

bredi

Finished in luminous tones, this attractive and compact toaster has spacious slots so that any type of bread can be toasted to crispy perfection in just a few minutes. Bredi includes a wheel with seven degrees of temperature and buttons for thawing, reheating and on/off. It also includes a centering function so that the slices will be evenly toasted on both sides. With a power of 800 W it includes a crumb collector tray and a compartment to hold the cord.
